Dear Jean and James:

You God Guardian angels of my precious little clock, how are you faring these days in health, in your Creative labors, in point of contentment, weather etc... We would love to be able to have you share with us in the enchantment of this Spacious City - Contrary to what we are doing in our County there is here an ever living program of "beautification" I use the word for lack of a

What I mean is that there are more small parks - more flowing fountains - more spacious arteries throughout Guadalajara than there were during our long visit three years ago - and the work goes on - men laying bricks - breaking stone with hand tools to build new areas for planting, for leisure - On the other hand, the mansions of the stand idle, abandoned by their owners who are building handsome homes in new areas - These have not planting around them overgrown by plants and fit the new needs of a richer and more exacting

Saturday Feb 2nd 1963

Dear Jean:

Hardly is the ink dry on the letter I have just sent to June that my Conscience is stirring, and I wonder if I am right in suggesting that the date of March 29th is set for the opening of your "Exposition" — for, with Jerry so eager and determined to remain in this beautiful Guadalajara until the end of March. We may not be home - after all — until the end of the first week of April - I am quite disturbed, since I believe that a show of your work at the home of June and John

would be so right and, at the same time, I hate to spoil you on while I am away and would like to have the opportunity of "plotting" all of it with you and June after I return home — At the same time, I am perhaps placing an undue stress on my warm interest and understanding and enthusiasm, and with all your plans perhaps already worked out, I might not be of as much service as I wish I could be — and trust I might be —

So ponder the whole question well with June and make the decision which is to your best interest —

Personally I am eager to be home by the end of March leaving here March 12th or 15th but Jerry does not wish to go home until april - We might come to my way of thinking - or we might not - and I would not want to fly home and let him drive by himself this long string of miles - This is the status of the Carlsons - as of now - regarding their return trip : STRICKLY Nebulous -

Meanwhile we continue to enjoy this beautiful city in all kinds of ways -

We have encountered splendid artists, We enjoy the "artisans" in the Villages - and have made charming Contacts -

This coming Thursday we are driving to Patzcuaro - We will be there for market day (Friday) and over the week-end will visit my old friend Dr. Leo Eloesser in Tacambaro - It's about an hour and a half, by auto, South of Patzcuaro -

I had anticipated, joyously, the visit of my Son Remi and his wife Nancy this week-end but Remi has had to

JEHANNE SALINGER CARLSON, GUADALAJARA, JALISCO, MEXICO

postpone their projected Vacation in Mexico until Feb. 23rd. It's a long way to wait. But how nice it will be to have them here. However brief their visit for they will be with us only three days — and to share with them some of the beauty and charm and interest of Old Guadalajara.

Oh let me hear from Jim & Jean on their thoughts on the Exhibition. And please do share this letter with Jesse.

With much affection to Jim and Jean in which Jerry joins.

Dearest Jean:

Your good note after our beautiful visit of April 12 did me a great deal of good — what you said about being "detached" makes a good deal of sense and everytime I read it it inspires me in my thoughts & to consider — I hope that Jim is feeling fairly fit again and that you are both creatively involved and also that the tide is rising

for Jim in all ways.

I was in San Francisco Jesterday and although I returned home late, the change of pace was most relaxing.

We are stepping up our work for Rene and are having a meeting tonight (some fifteen women) to organize for the dinner for Jim Friday evening May 15 at the Casa Munras -

I am thinking of Jim and Jim often - and our "spiritual" Get-together are like moments of Meditation - Much love to Jim and Jim

The California Federation of Music Clubs, of which the Monterey County Symphony Guild is a member, will hold its annual meeting June 24, 25 and 26 at La Playa Hotel, Carmel.

The purpose of the Federation is to encourage young musicians and American composers. Nan Merriman was a Federation contest winner, as also was Eudice Shapiro, who will be featured as violin soloist in this year's Bach Festival.

"Crusade for Strings" will be the keynote of the annual meeting, featuring a symposium on the current problem of the shortage of string players. John Gosling, conductor of the Monterey County Symphony Orchestra, and David Abel, concertmaster, will serve as members of the panel.

The opening musical program will feature John [illegible] string instructor music for strings and harpsichord, voice and harp.

Peninsula hostesses who will open their homes for receptions honoring the distinguished visitors will include Mrs. Calvin Wheeler of Pebble Beach, Mrs. H.M.M Nicholas of Carmel, Mrs. T. O. Edwards and Mrs. Walter A. de

My very dear Jean and James:

I was not touched by your Kind Thoughts - The foul deed which we witnessed (as thousands upon thousands of other people) the very moment it took place has plagued me all these days to the extent that I suffered even physically from the Great Shock — anyone of us.

There is nothing can say which could be commensurate with our feelings — and the damage which is suffered from this crime affects our very personal lives -

However, as this noble old lady Mrs. Rose Kennedy said yesterday: "Mourning is not the way to

know one who had lofty ideals and real goals to help his fellowmen —

We spoke of your often during our trip and you were both in our thoughts at a time when we were enjoying that extraordinary county of Mexico - its land, its ways, its people -

We look forward to seeing both of you very soon -

We are, at the moment, at the home of Ansel and Virginia Adams who are in Yosemite for the annual photography seminars conducted by Ansel —

We will be here until June 24th -

Meanwhile I will be going to L.A. Wednesday morning (June 19) returning Thursday early evening (June 20) -

I will be escorting to LA the young lady
who won our Alliance Francaise Scholarship:
a free trip to Paris and a two-months Study at
The School of the Alliance Française -
I feel very proud of this - the culmination
of six years of work as Pres. of the Alliance
Française - at the end of the year -
in octobre - I will be glad to retire to the
background and leave the organization
in the capable and good hand of

Dear Jean and Jim:

If we were in Carmel we would love to respond (or come!!!) to your nice invitation to a garden party at your home honoring Dr. and Mrs. A. J. Melden and Mrs. Minna Citron -

We have been here since June 28th enjoying the beautiful gardens and pool and the spacious house of Rene and Nicole - both of whom are in Europe - Rene is very busy traveling on behalf of his business - Nicole, with her first cousin the Jean Durand - Ruel is at their villa in St Tropez until she leaves next week with Gregory (four and a half years old) to spend August in Ireland - My granddaughter Lysanne (nineteen) will join Nicole and Gregory from Washington where she has visited a school friend - Stephen (eighteen) is staying home with us - He is busy during the day - working

at the headquarters of Jess Unruh - He leaves
mid August to go to France where he will
enter a French University working on a B.A. in
France -

Marc has elected to take special courses in psychology,
philosophy and journalism at NYU (his college)
and he works three days a week to help sustain
himself -

Jerry and I are enjoying the warm weather
here - and I am fully rested from the
brutal fatigue I suffered in connection
with my work for the Bicentennial French week -
It was a worthy project and I am happy
it went so well -

Jean Jacques has written his article -

J'ai vu de très bonnes nouvelles de Bobbie
et Paco Ferro who seem to have enjoyed
every phase of their travels in France -
Would assume that they would be back
soon -

Have a very good time August E -
Pierre will be here on Wednesday thank God!
So that I will have Leni all to
myself for several days -

Jerry sends his warmest regards to Mr. Bell
with my appreciations and best wishes for a
happy 4th of July weekend -

Dear Jean and Jim:

It was quite an event this past Thursday & I am certain that you must feel gratified with the expression of esteem which was reflected by the vast attendance of art lovers at your preview.

I hope you did not follow my example and caught cold on leaving such a "hot house" of physical heat — The other kind of warmth could only have enhanced your good feelings — Yes I caught cold in my case and despite my enjoyment of so many of your beautiful pieces, dear Jean, and the true joy which I experienced, Jean, in viewing your chemical animal and so full of espri the are — I have the feeling that in your great honesty and integrity of Spirit you do not

appreciate fully your own Talent —
No matter how Perfect the youngster
who may have the good fortune
of receiving one of your own Animal Books
don't tell me that they will turn out
the same animals which you draw
as only an artist can — I heard
so many pleasant comment about your
show Jim —

Your Graphics, Jean,
are so superlative that you should
plan a complete Exhibition
of these only — I have always felt
that it is impossible for the viewer,
even the viewer who has a good understanding
of art values, to make the adjustment
required by the wideness of our
among graphics, and that get any show whatever —

I observed that a great many
people were concentrating on your two
Murals, talking about them and not
paying a due attention to the Graphics

JEHANNE BIETRY SALINGER CARLSON

I hope, with all my heart, that the comment will not cause you to feel regret over the present show which is so vast in scope - but I still hope that you may have an all inclusive exhibit of Jean Graphics in a worthy Gallery or Museum -

I hope that you will try to rest the next few days for it must have been a very hard time preparing the show and attending to so many details - at least I trust that the sun is shining in the Valley and that it is warmer than it has been here for a week -

I am just emerging from that silly head cold I developed when I emerged from the museum into the cold to see Bill off -

I sure miss him - Love

What a joy to see and over
again those pages, Jim - these
dogs "are living" - they are "for real" those dogs,
and they are so very appealing - It's
almost maddening that one finds it
